Becca Borrelli is a nationally recognized illustrator, muralist, educator and speaker, based out of Austin, TX. Her digital drawings, original paintings, and intuitive art making courses are avenues to share a hopeful and playful representation of the world's magical sides. Both her work and art classes invite viewers to reflect on the invisible and intuitive aspects of their lived spaces and experiences.

Borrelli has an M.A. in Art Education from the University of Texas Austin. She has created art for clients such as *Visa*, *Boston Beer*, *Dell Children's Medical Center*, *University Hospital Rainbow Babies & Children Cleveland*, *Dell Medical School* and *The University of Texas*. She has worked with organizations such as the *Austin Downtown Alliance*, *Dell Children's Medical Center*, and *Mindful Classrooms* to develop coloring books as education tools. She teaches corporate art courses for *Facebook* teams nationally, in-person courses at *Austin Contemporary Art School*, as well as virtual on-demand art courses for her online artist community: *The HeART School*.

Becca donates resources and/or a portion of proceeds to *Art from the Streets Austin* and *Community First Village*. These two organizations provide dignified income opportunities in the Arts for people who live or formerly lived on the streets of Austin.
