

# VALHALLA TEA CO

## OUR MISSION

To bring amazingly handcrafted, loose-leaf tea blends to your front door. We are committed to helping Veterans' post-military service with a portion of the proceeds for every bag we sell going to helping reintegration programs across the U.S.

## WHY OUR HEROES

Our goal is to celebrate cultural diversity. At VTC we put a lot of thought into each one of our champions selected to represent our handcrafted blends. We started with the raw ingredients and attached it to a cultural warrior to become the stewards of our brand. Anxiety, depression and PTSD affect everyone, regardless of race, religion or sex and needs to be addressed as a human issue. Together we can all live a healthier lifestyle.

## AT OUR CORE: HELPING VETERANS

The Valhalla Tea company stands by this commitment: For every bag of tea we sell, a portion of the proceeds gets donated to one of our partner organizations to help fund their programs. We promise never to lose sight of this mission and will always hold ourselves accountable.
