

WorldFinds is an impact-driven brand with equal passion for fair trade, thoughtful design, and sustainable practices. We design jewelry, accessories, and gifts that are distinguished by their vibrant colors, captivating textiles, and artful, modern-vintage aesthetic. Most importantly, our ethically handmade styles create lasting change in artisan communities. With a story behind each piece we create, our unique products celebrate individual style. Like an essential bead in one of our necklaces, our customers become part of a chain of goodness that supports fair trade practices and sustainable production. Also, we're donating a percentage of MonkeyBug purchases toward funding an initiative for nearly 250 of our artisans. We asked our partners what they needed most, and they asked us for stainless steel food storage containers to help keep their rice and grains clean and dry and eliminate the use of plastic boxes.

In addition, WorldFinds donates 15% of each Cause Bracelet sold to the effort listed on each bracelet card. Specific organization names are available at MonkeyBug...just ask us which you are interested in!

Each textured bead piece is made from recycled Kantha textiles, so colors and patterns are all one-of-a-kind and will vary.

All current in-store pieces are sustainably handmade by women artisans in India.
